## 2014 TRAVEL TRAILER

\$17,000 — Ridgeland, South Carolina

This double entry Apex Ultra Lite model by Coachmen RV features a rear full bath and a large slide-out which creates a spacious interior.

Step into the front main entry and find a private front bedroom featuring a queen bed with plenty of storage space both above the bed and with two bedside wardrobes. There is an entertainment center on the living room wall just outside the bedroom which can easily be viewed from both the sofa and booth dinette.

Enjoy cooking in the spacious kitchen featuring a refrigerator (Gas and Electric), 3-burner range and microwave oven and double kitchen sink. There is also a pantry plus overhead cabinets for storage.

The rear of the trailer features a complete full bath with angled shower, sink and linen cabinet, and a private toilet area with access from a second outside door. The perfect feature when you are outside so you don't have to run through the entire trailer to get to the bathroom. The Electric Awning and Front Electric Tongue Jack makes setting up at your campsite a breeze. There is also no shortage of storage space. You will find plenty of overhead cabinets, wardrobes and a pantry inside. You will also enjoy the convenient front pass-through storage compartment for all of your gear. The rear door gets you in and out much more
